

SIR-QSTPHD Heavy Duty TRIPOD

Specialised Imaging offers this rigid tripod that is capable of supporting up to 68 kg.

Strong, thick walled anodized tubular construction guarantees years of reliable performance. Large diameter spread offers a stable platform for the camera.

The Geared Head is unsurpassed in quality and reliability. It provides micro control for Pan and Tilt movements with 3.5"Ø handwheels and counter balancing stainless steel springs. All control knobs are located for the operator's convenience.
